## Construction Update

Our crew is hard at work to meet our July 2015 Grand Opening Date! Every day, we're making tremendous progress with our 75 Assisted Living apartments and 25 secure Memory Care suites on our 74,000 square foot campus.

Right now, we're nearing completion of the lobby, dining room, library and common areas in the main building, as well as the walking paths and dog paths.

If you're in the neighborhood, please stop by our Information Center at 4356 W Ashlan Ave off Highway 99. Or call Lana at 559.275.2000 to schedule your personal appointment of our beautiful community. 🍂

Linda has over 40 years experience in the residential care industry. During that time, she has been a Placement Specialist for seniors, managed home health, hospice, and residential care facilities for the Elderly, and active as a Physician's Consultant. She also developed and managed the Santa Barbara County Ombudsman Program.

More importantly, Linda has been involved with the development and management of 15 assisted living and memory care communities throughout California.

Presently, Linda continues her dedication toward improving the quality of life for seniors at Paintbrush Assisted Living and Memory Care. 🍂
